CAREER OBJECTIVE

A motivated BCA student with hands-on experience in web development and UI/UX design. Seeking an internship opportunity to apply my technical skills in HTML, CSS, and Figma in a professional environment and grow as a developer/designer.

EDUCATION

Bachelor of Computer Applications (BCA) — 3rd Year (Pursuing)

Jamal Mohamed College, Tiruchirappalli

TECHNICAL SKILLS

- HTML — Web page structure and development
- CSS — Styling, layouts, and responsive design
- Figma — UI/UX design and prototyping
- MS Office — Basic computer applications
- JavaScript — Interactive web functionality and DOM manipulation
- React.js — Building component-based web applications
- Tailwind CSS — Utility-first responsive styling

PROJECTS

1. Flight Aviation Academy Website

- Designed and developed a multi-page HTML website for a flight training academy, including a home page and a student registration form
- Built course listings, an embedded video, and clean page navigation using structured HTML
- Focused on clean design and user-friendly interface
